29 January 2020

Dear Parents/Caregivers,

As you will be aware the situation with coronavirus is evolving rapidly internationally.

The safety of our students is our paramount concern.

Consequently, we are taking appropriate precautions to limit the potential for any exposure of this virus to our student and school community.

These precautions many include any staff member or student who may be at high risk of exposure because they have recently been to China or have been in close contact with someone confirmed with the virus having their start to school delayed by 14 days. The current incubation period for the virus is considered to be 14 days.

It is important that you contact the school immediately if your child has recently been to China or has been in close contact with someone confirmed with the virus.

We will keep you updated with any relevant information.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Michael Houghton', is written over a light blue horizontal line.
