

Ngā Manu Kōrero 2022

Ngā Manu Kōrero Topics 2022

A collation of all suggested TOPICS for NMK 2022

CRITERIA FOR NATIONAL TOPIC SELECTION

Rationale: Ngā Manu Kōrero delegates must consider the following principles:

- Subjects should be relative to students first and foremost
- Topics are chosen so that they cannot prejudice any contestant
- That the contestant can relate to in their world view
- Must be conducive and positive to the Māori world
- Must reflect the National Ngā Manu Kōrero rules
- No topics from the previous National Competition to be used

All topics must be selected with the five categories in mind:

1. Te Reo me ona tikanga
2. Education
3. Whānau – aspects of Māori life and or history, the Māori world view
4. Culture – can also include the arts and politics
5. Health, sport and well-being

The process:

- Pre-meeting: delegates to collect topics from their regions and send in to the Apiha Māori at PPTA.
- They are categorised under the headings above.
- All topics are considered by the committee.
- The best topics are then checked on again for relevance.
- Final topics are agreed upon.
- Topics are sent to experts to be grammatically checked.
- Topics are then sent to the regions.
